Subject: Help with GC

Carrie:

To say I was disappointed that I couldn't make it to Culver City on Monday is an understatement. Besides Bob, Ed, and Michael who else was able to attend? Again I'm sorry I couldn't get away.

Were you able to come up with an GCs who do smaller TI project?. I know jobs like this are waaay below your paygrade but if you can help it will be greatly appreciated. I've attached an "as is" schematic as well as a proposed floor plan.

And finally I'm still trying to corral a couple of 1010 Board members to meet with you to further our discussions with respect to you joining the 1010 Board..which I think would be a great idea.

Thanks

Bob
